PROFILE

I am dedicated to crafting high-performance, scalable web solutions that blend creativity with functionality. I build user-focused interfaces using clean, responsive, and optimized code, ensuring fast load times and seamless experiences across all devices. I also implement performance optimization techniques and testing to deliver reliable, production-ready applications.

TECHNOLOGIES

JavaScript · React · Next.js · Tailwind CSS · Node.js · PostgreSQL, SQL · TypeScript · REST API · Redux Toolkit & Redux Saga · Web Performance & Testing · GitHub · Vercel · Postman · Google Cloud · Docker · Linux & Bash

EDUCATION

Technical University of Kenya 2019 – 2023

Higher Diploma in Information Technology

FreeCodeCamp August 2026

Relational Database Certification - PostgreSQL, SQL, Bash scripting, Linux, Docker, GitHub, CI/CD.

FreeCodeCamp Feb 2026

Frontend Development Certification - typescript, react, web optimization, debugging and testing.

WORK EXPERIENCE

Kenyaweb.com Limited Intern

2022 – 2023

- Developed a CRUD-based Human Resource Management System using React.js
- Managed domain registrations and renewals using OpenSRS and Kenic software
- Configured and deployed VOIP telephone systems
- Assisted in web and email server management and on-site troubleshooting • Managed helpdesk requests and front-office technical support

PROJECTS

Blog App – Next.js, Redux Toolkit, Redux Saga, TypeScript

Full-stack blog platform with complex async state management, concurrency handling, and a local storage caching layer to optimize performance and reduce redundant API calls.

Zomato Clone - React, Node.js, Express, MongoDB

Full-stack food ordering app with authentication, cart management, and integrated online payments.

3D Real Estate Platform (In Progress) - Next.js, Three.js, Tailwind CSS

Interactive property listing platform with 3D property visualization and performant scene rendering.

DopBrain - Next.js, CSS Modules

Web application focused on cognitive engagement and interactive user experience.

SOFT SKILLS

- | | |
|---------------------------------------|---|
| ● Clear communication & collaboration | ● Time management & task prioritization |
| ● Problem-solving and debugging | ● Adaptable and fast learner |
| ● Coachable and open to feedback | ● Works independently and remotely |
